

Dear Prospective Client,

I want to express my sincere appreciation and respect for the professional and picture perfect presentation on traininbytre.com. In the past 2 years as a personal trainer, I worked with several other image management services. Most were able to help in some form or fashion, but none of them could creatively and definitively design such an amazing finished product!

In the past two years, I have requested mock-ups and outlines of other website designers so I could see what to expect. Ultimately, I decide to employ Creation-Digital because they have an amazing website, a sincere interest in getting the right fit for the client, and aggressive deadlines and timelines.

Creation-Digital.com is truly amazing – everyone considering Creation-Digital should see your site – i'll certainly recommend this to my friends. As for finding the right fit, I specialize in a small interest group within the fitness industry, and therefore have a unique audience; because of their attention to detail, and careful listening, I will capture that attention of all my ideal clients.

As a team, Creation-Digital listened and interpreted exactly what I wanted for my website. As with any other service, one has to trust the designer, and hope it comes out close. Creation-Digital nailed it right the first time - so many other website designers have let me down, and you guys exceeded my expectations. Thanks again for an amazing job well done.

Sincerely,
